Proudly Made in the U. S. A.

Gordon Laboratories is proud to say that we manufacture all of our products in the USA.

We manufactured the first pharmaceutical specialty line for podiatry more than sixty years ago in suburban Philadelphia.

Today, we manufacture the largest selection of podiatric topical pharmaceuticals available and have expanded our products to include pharmaceuticals for many medical specialties.

*Often Imitated
 Never Duplicated*

Gornel Creme
 2% Urea

Urea is known for its hydration and keratinolytic properties. Gornel Creme with 2% Urea and a blend of rich emollients, waxes, vitamins, and natural oils, Gornel permeates and softens the protein cracks that the sun, stress, age, heat, and winter air cause in a healthy, radiant look.

Often imitated, never duplicated. Gornel Creme is the standard by which other Urea creams are measured.
